

Day 36: Monday, December 9 and Tuesday, December 10

While the judges and jury fill out their sheets and reflect on the case, evaluate how the trial went.

What things did you and your team do well? What things did you and your team do poorly? Based on what happened during the trial, who do you feel deserves to win and why? What were you most impressed with during the trial? Is there anything you wish you could have done differently?
